

MOSH On The Internet

Free and easy access to occupational safety and health information is just a click away!

The MOSH homepage provides access to general MOSH information; links to the three separate units within MOSH; links to the current Maryland law, regulations, standards; and much more.

MOSH Home Page: <http://www.dllr.state.md.us/labor/mosh.html>

Compliance and Enforcement provides information on how Maryland enforces various occupational rules and regulations and when these rules become effective in the State. These can be found by scrolling to the bottom of the page and selecting *MOSH Instructions* and/or *MOSH Standard Notices*.

Web Page: <http://www.dllr.state.md.us/labor/comp.htm>

MOSH Instruction 03-2 Interim Compliance Guidelines for Fall Protection for Residential Construction, 29 CFR 1926, Subpart M is the most current information on this specific subject covering MOSH's enforcement in this area.

Consultation Services provides information on obtaining “**FREE**” on-site consultation services provided at the employer's request.

Web Page: <http://www.dllr.state.md.us/labor/volc.html>

Request Form: <http://www.dllr.state.md.us/forms/moshvolcform.htm>

Training and Education provides access to on-line occupational safety and health publications, MOSH Law, Regulations and Maryland-Specific requirements, “**FREE**” seminar information and much more.

Web page: <http://www.dllr.state.md.us/labor/train.html>

Publications: <http://www.dllr.state.md.us/labor/pub.html>

MOSH Law, Regulations and Maryland-Specific requirements can be found by scrolling down to *Laws/Regulations/Standards* and click on the heading you are interested in.

Seminars: <http://www.dllr.state.md.us/labor/seminars.htm>

Recordkeeping and Statistics provides information about the new Recordkeeping regulation as well as statistical data for the State of Maryland.

Web Page: <http://www.dllr.state.md.us/labor/research.htm>

Additional information such as access to the Code of Federal Regulations 29 CFR 1910 – General Industry and 29 CFR 1926 – Construction can be found on OSHA's website at: <http://www.osha.gov>
